Cookie Policy

Privacy Policy

Effective Date: October 20, 2026

Last Updated: October 20, 2026

This policy explains the cookies and similar technologies SUBSCRIBE uses on our public website (subscribeplatform.com) for necessary and functionality purposes only, our application (app.subscribeplatform.com), and our subdomains. It supplements our Privacy Notice.

1. What This Covers

Cookies are small files a website stores on your device to remember information. Pixels (or “web beacons”) are small pieces of code that tell us whether content, like a web page or email, was viewed. This policy covers both.

2. Categories We Use

- Necessary: required for our website and application to work, including keeping you signed in and completing multi-factor authentication.
- Functionality: remember your preferences and settings so we don’t ask for them again.
- Analytics: to measure traffic, search queries, and site usage.

We do not use analytics or advertising cookies within the authenticated application; cookies there are limited to what’s necessary to operate the service, consistent with our commitment not to use Customer Data for our own purposes.

3. Third-Party Content

Embedded content on our public website, such as YouTube videos or LinkedIn and Twitter widgets, may set its own cookies and collect your IP address and browsing activity. That collection is governed by the third party’s privacy policy, not ours.

4. Your Choices

- Do Not Track: our systems do not respond to browser Do Not Track signals.
- Browser settings: you can block, delete, or be notified of cookies at any time through your browser's settings.
- Google Analytics: you can install Google's opt-out browser add-on to stop your data from being used by Google Analytics.

Blocking or deleting cookies may limit some features of our website or application.

5. Who We Are

Contact us, or our Data Protection Officer, Robert Vaile, at privacy@subscribeplatform.com, with questions about this policy. Our Data Protection Officer is responsible for the review, approval, monitoring, updating, and enforcement of this policy.

6. Changes to This Policy

We will post any changes here and update the effective date above.
